BAR VERED

PRODUCT MANAGER

PROFILE

Curious, collaborative, and resourceful business and technology PM with a passion for continuous learning and a background in technology, business, and neuroscience. I am seeking a student position in the product or data space to apply my interdisciplinary skills, contribute to innovative projects, and grow within a dynamic team.

WORK EXPERIENCE

Vinco, Israel

JUL 2022 - DEC 2022

Product Analyst Intern

- Communicated with our customers and updated them on a bi-weekly basis
- Worked closely with the marketing and strategy teams in order to increase the products offerings
- Collaborated with the product team on a regular basis in order to complete the tasks on hand.
- Always available to answer queries and help with tasks beyond my own.

Lev Hasharon Regional Council, Israel

JAN 2018 - OCT 2018

Director of After School Activities

- Planned, implemented, and evaluated activities for high school kids aged 9th to 12th grade while operating on a cash budget with 100% accuracy
- Part of a 4-man team that organized and managed events for kids in 7th to 12th grade on a weekly basis over the summer, with average attendance of 250 kids per event.

Stroum Jewish Community Center, USA

NOV 2016 - DEC 2017

Marketing Manager & Specialist

- Collaborated with camp counselors to create a fun and learning atmosphere while maintaining the safety and security of the campers.
- Kept accurate participant records, including attendance, discipline, medication log, and accident or injury reports
- Helped run and maintain sports camp while teaching the kids new sports.

EXTRACURRICULAR ACTIVITIES

- **IDC VC Club** - Learnt from industry leaders in the venture capital space, as well as firsthand experience in researching and pitching a startup idea to a panel of partners at various venture capital firms.
- **IDC Investment Group** - Obtained valuable insights about researching and making investments decisions.
- **IDCrypto & blockchain Club** - Learning from industry experts about the intricacies of crypto and the blockchain network, and what the future of crypto might look like.
